<https://www.trybooking.com/book/event?eid=263702>

Over three days you will hear from the world's most informed speakers on the medical uses, current research, and science behind medicinal Cannabis.

The program will be suited to medical professionals, policy makers and the general public including patients and carers.

Keynote Speakers include:

Dr Jeffrey Hergenrather, Dr Michelle Sexton, Dr Gregory Gerdman and Mr Justin Kander from the USA. Dr Dedi Meiri, Dr Bareket Schief Keren from Israel with more to confirm soon.

The program will look at Cannabis for cancer, in palliative care and rehabilitation. Also as a treatment for PTSD, Epilepsy and importantly we will hear from practitioners experienced in prescribing in a general practice setting.

Program details to be release shortly. www.uic.org.au and
